82ND AIRBORNE DIVISION
FORT BRAGG, NC 28310-5000

Soldiers and Family Members,

The 82nd Sustainment Brigade is the largest, most diverse and best trained Sustainment Brigade in the United States Army. This organization prides itself on leadership and initiative. We are responsive, adaptable, and agile in sustainment operations regardless of location or environmental conditions. Our operations are expertly led and professionally executed.

We are a globally-aligned brigade, supporting the Fort Bragg garrison and units serving abroad. Our missions vary and our capabilities are diverse.

Our most valuable and effective resource in the brigade is our people. We are extremely proud of their skills and dedication. Some of the very best officers and NCOs in the Army are right here leading our soldiers. Our leaders are effective because they truly care. They lead from the front and are known for their diligence, collaborative spirit and innovation.

North Carolina offers a multitude of opportunities for you and your Family. Whether you enjoy the seashore, mountains, lake fishing, biking, hiking, or just shopping, you will find it all within easy reach. We have an abundance of military and family programs within the brigade. We are committed to serving not only the soldiers, but the families that support them.
